# SPICES

Indian spices are popular all over the world for many centuries. Even before the beginning of currency transactions, sailors from far-off lands used to come and barter their goods for Indian spices. It is not an exaggeration if we say that even today the aroma of Indian spices can be felt at the nook and corner of the world.

Greenbird agro is a spice specialist, established manufacturer, exporter, and trader of spices. Most of our spices are procured mainly from the growers, association of growers, or co-operative society from different locations in India depending on spice produce and also directly from the spices board. To ensure quality, we monitor every stage closely. Greenbird agro selects the finest of the spices from the farms where growing spices is a tradition and a faith. Our commitment to quality and intimacy with purity roots deep into the spirit of Indian spices.

Greenbird agro's spices are packed using an indigenous processing method hence retaining the taste, aroma, color, and texture of freshly grounded spices and are packed using appropriate materials and stored in an excellent condition that retains the quality, color, texture, taste, and aroma for a longer period. Special care is taken while packaging our spices to ensure that it is done hygienically and retains the taste and quality of the spices. Our range of spices gives the taste of freshly ground spices.

Following are some factors that have helped us in becoming a leader in the food industry • Assured Quality • Customized, individual packaging • Containerization of export cargo • Timely delivery of products in any corner of the world • Economical pricing • Customer focused approach
